MORE RECENT NEWS

Our monthly gardening session in association with **AgeUK** resumes this **Thursday 19th March**.

We will be pricking out last November's seedlings, potting-on our cuttings, and doing other jobs prompted by the start in the growing season.

Olden Garden Members are welcome and encouraged to join in with the newcomers who will be visiting our garden as a result of the promotional efforts of AgeUK.

We meet at 10.00 am for tea/coffee and biscuits before heading out to work.

Sessions usually finish soon after 12 noon.

See you at the **March Work Day on Saturday 21st March** from 10-4, lunch provided.
